

Metinvest is among top 10 best employers in Ukraine

Metinvest Group is a nominee in six nominations of Business HReformation 2016. Ukraine's Best Employers rating.

According to the survey, the company takes the lead in Best HR-Team and Sustainable Development nominations. Metinvest is among top five best Ukrainian companies when it comes to implementation of innovative HR management solutions and development of social programs. The Group is also among top 10 largest employers in Dream Team and Best Corporate Training Program nominations.

The rating expert panel was represented by HR managers of the largest Ukrainian companies including HR and Social Policy Director of Metinvest Group Nataliya Strelkova.

Nataliya Strelkova, HR and Social Policy Director of Metinvest Group:

- Metallurgy is heavy industry with its special features. Many processes we deal with are not always relevant to most of the companies. We care not only about the operations, but also about the comfortable and good living conditions in the cities where our enterprises operate. Our main sites are located in regional centers. They can offer people stable decent salaries and attractive social benefits. That is why people living in the cities where we operate desire to work with us.

BusinessHReformation 2016. Ukraine's Best Employers rating was compiled by Business Weekly in cooperation with HRFORUM, the association of HR management experts. The best companies were selected in eleven nominations based on the total number of points, where 30% of the points was the expert opinion, 30% was on-line voting, and 30% was the evaluation of the company's media profile by the Weekly's staff. The experts could not vote for their companies in any of the nominations.
