

Metinvest Digital Becomes IT Partner of First International Ukrainian Bank

Metinvest Digital, Metinvest Group's centre of IT expertise, has signed a contract to provide services for the provision, consulting and implementation of Microsoft cloud solutions to First Ukrainian International Bank, one of the largest financial institutions in Ukraine.

As part of the cooperation agreement, Metinvest Digital will analyse the bank's existing cloud infrastructure, develop recommendations for its improvement, implement Microsoft 365 cloud products, and provide consulting support for the use and development of implemented IT solutions.

Sergiy Detyuk, CEO of Metinvest Digital:

"We continue to expand our client portfolio and are happy to become an IT partner of FUIB, one of the largest Ukrainian banks. It is a great honour and responsibility for us, as with this contract we start working in the banking sector. Metinvest Digital is a certified partner of Microsoft, and our team of experts has considerable experience in implementing, customizing and developing its cloud products. We are always ready to share our expertise in this area with other companies. Effective cloud management assures a high level of IT system reliability, security, and enterprise data protection, as well as flexibility to customize and scale IT solutions. I am sure that the signed agreement will form the beginning of mutually beneficial cooperation."

Andriy Begunov, Director of Information Technology Department, FUIB:

"FUIB implements a multicloud-focused IT strategy – active use of cloud solutions that significantly improve the efficiency and resilience of banking IT services. The implementation of Microsoft technologies to improve business processes, teamwork, and the rapid launch of new banking products will complement the current cloud solutions portfolio. Our goal as IT is to ensure that all enterprise IT systems and services work reliably and generate maximum return on investments in information and innovation technologies. The partnership with Metinvest Digital will enable us to leverage their experience in deploying and implementing cloud IT solutions, optimize infrastructure support costs, and expand our own professional expertise in this area."

Metinvest Digital is a certified Microsoft partner. Last year, the company was granted Microsoft Gold Certified Partner status in competencies Gold Cloud Platform, Gold Data Platform, Gold Windows and Devices, Gold DevOps and Gold Data Analytics, while this year it was expanded to Silver Security and Silver Application Development.
