

Russian Attack Kills 10 and Injures Over 30 at a Metinvest Enterprise

On the morning of 8 July, a Russian missile struck the administrative building of a Metinvest enterprise in Kryvyi Rih. As of 12:30 pm Ukraine time, 10 people have been confirmed killed and over 30 injured.

All those affected by the Russian attack were immediately taken to one of the city's hospitals. The attack damaged the dining hall in the plant's administration building and shattered the windows. Debris clearance is under way.

Metinvest expresses its condolences to all those affected and their loved ones. The Group will provide comprehensive assistance to the families of the deceased and injured employees.
